Agreement

between the competent administrations of
France and Italy

concerning the frequency co-ordination
of Digital Terrestrial Television
in

the frequency band 470-694 MHz
(UHF Band IV-V)

Rome, 02 April 2020

This Agreement is a bilateral addendum to the Agreement between the Competent Administrations of France, Italy, Monaco and Vatican City State concerning frequency coordination of Digital Terrestrial Television in the band 470-694 MHz, signed in Rome on 26th of September 2017 (hereinafter referred to as “2017 Agreement”).

This Agreement refers only to assignments located in Haute Savoie and Hautes-Alpes for France and in Valle d’Aosta and Piemonte for Italy according to the technical characteristics set out in Annex 1 for France and in Annex 2 for Italy and agreed by both administrations.

Table 1 indicates the channel numbers used by the assignments set out in the Annex 1, and 2 and other usage of these channels outside the conditions defined in these Annexes shall be coordinated.

Any assignments defined in Annexes 1 and 2 may be operated and registered to the GE06 plan.

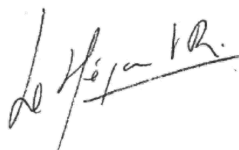

This Agreement does not modify the 2017 Agreement which remains in force.

With the prior approval of the other Administration, this Agreement may be reviewed upon request when such amendment becomes necessary due to administrative, regulatory or technical changes. France and Italy cannot withdraw unilaterally from this Agreement.
